## Summary

UX Designer with background in biological sciences. Specializing in natural user, gestural, and touch interfaces. Constantly thinking about ubiquitous computing, spatial operating systems, and mobile applications. Developing research-founded, user-tested, interactive products.

---

## Experience

### LearnVest

User Experience Designer

January 2017 - Present

New York, NY

Executed on tactical design work in an agile, sprint team. Worked heavily on the internal financial planning application and advisor platform experience—mostly web/desktop. Deliverables included background & heuristic evaluations, a new information architecture, navigational framework, interactive prototypes, and a high-fidelity animated strategy deck with detailed design. Currently, working on the client-side mobile app's implementation of the planning output.

### Freelance

User Experience Designer

January 2013 - January 2019 (6 years 1 month)

New York, NY

Worked on content strategy, visual, and design execution for medical learning management systems. Prototyped prescription adherence mobile applications for post-op cataract patients. Created branding and marketing materials for a legal technology innovation firm, its subsidiaries, and their inaugural conference.

### Enertiv

User Experience Designer

January 2014 - April 2016 (2 years 4 months)

New York, NY

Joined during the first round of Techstars & RGA's first Internet of Things accelerator cohort. Crafted investor decks, the marketing website, and demo day materials. Concurrently, created wireframes/prototypes, headed the initiative for the visual design system, and executed front-end, production code in HTML, SASS/CSS, and Javascript for the B2B, SaSS energy analytics tool. Led design & execution of B2C, client projects with New York University and Boston Properties.

### Kleverbeast

User Experience Researcher

September 2013 - December 2013 (4 months)

New York, NY

Recruited participants, conducted usability tests, and analyzed results in an agile design environment, logging over 100+ hours in moderated, qualitative and quantitative user research.

## Education

University of Virginia

Bachelor of Arts (B.A.), Biology, General · (2007 - 2011)

George Mason University

Continuing Education Studies · (2011 - 2012)

General Assembly

User Experience Design Immersive · (2013 - 2013)
